

1 Piece Shaft using your Slip Yoke & Regular Rear Pinion Yoke

- **IMPORTANT: Suspension must be at normal ride height**
- **Wheels on ground or diff loaded (wheels not hanging on lift)**
- **Take all length dimensions from vehicle - NOT the old driveshaft**

NOTE:

OE Ford 8" and 9" Pinion yokes can use either a 1 1/16 or 1 1/8 cap diameter. This is only 1/16 different but is critical that this is checked carefully. Call if you have any questions.
